

L^AT_EXcourse week 4, exercises

T_EXniCie
Committee of A-Eskwadraat

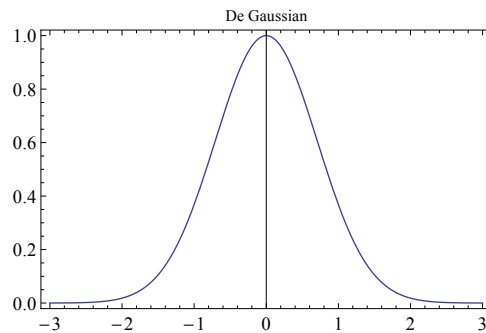

1 december 2014

1 Find the differences

A few more pictures for a little more exercise.

Figuur 1: Not like this...

Figuur 2: But like this

2 Presentations

Copy the presentation on the site. Also try some other nice options, make for instance a handout. As always, WikiBooks tot the rescue! <http://en.wikibooks.org/wiki/LaTeX/Presentations>.

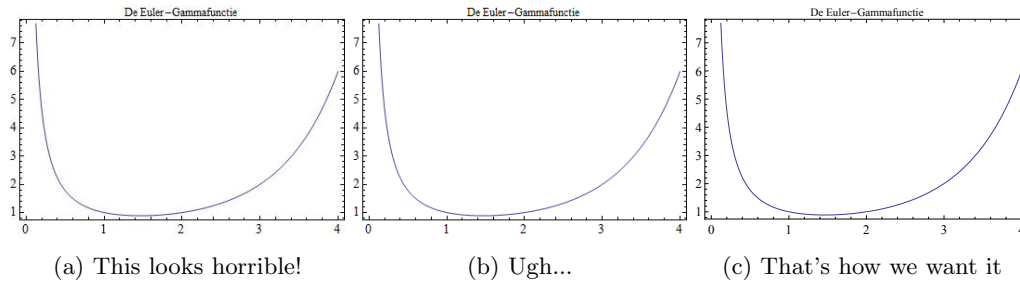

3 A-Eskwadraat

First try to install the packages, for downloads and instructions, see <https://www.a-eskwadraat.nl/Vereniging/Commissies/hektex/>.

On the site there is a minutes, a letter and an invoice, try to reproduce these.

4 Bonus!

The theory of this exercise has not been covered in the presentations, but is in the manual.

Figuur 3: Find the differences. Also try to zoom in!
