1.1 My First Section

This is a section. See table 1.1 for some interesting information about three people. The next section starts on a new page.

1.2 Fruits and spacing

Create your own environment `\wideitemize` to make the itemized lists. Make the space between the items variable.

These items are very close to each other (0 cm):

- Apple
- Pear
- Banana

There is a spacing of 1.4 cm between these items:

- Orange

- Pumpkin

- Melon

And 42 mm between these items:

- Blackberry
- Lemon
- Strawberry

1.3 Thanks!

This is the final section, thanks for attending the course!
